

Dear SARM International Conference participant!

Please, find some useful information regarding the conference in this e-mail.

PARKING:

If you are planning to come to the conference by car, the map of parking places is provided. All of them are at the walking distance from the place of event. We suggest using the parking house next to the "Kersnikova ulica", because it should not be full. The price is 1.2€h..

Be aware that streets in the Ljubljana Centre will be closed for car traffic due to the European Mobility Week till September 22. 2011. This is valid also for the "Slovenska cesta".

PROGRAMME:

The Final programme is uploaded at the SARMA web page <http://www.sarmaproject.eu/>

REGISTRATION DESK:

The registration desk will be opened on Tuesday September 20, 2011 at 8:00 and will be opened during both days of the conference. The registration desk will also provide general information. SARMA project partners will register for the conference on Monday during project meeting.

PRESENTATIONS:

All speakers are kindly asked to provide their PowerPoint presentations at least 15 minutes before the beginning of the session to the Gorazd Zibret (GeoZS). Presentations will be put on the conference's laptop. Microsoft PowerPoint (ppt or pptx) or pdf format files will be accepted. Optionally speakers can send their presentation to the following e-mail address: <gorazd.zibret@geo-zs.si> until Monday, 10:00 at latest.

FIELD TRIP:

All participants will be asked at the registration to provide us with information, if they are planning to participate at the field trip on Thursday, because many people forgot to tell us whether they will participate at the field trip or not. In order to organise the transportation, we will need this information until Tuesday, 11:30.

Long-term weather forecast indicates partly cloudy and warm weather (no rain). Lunch packet will be provided to the participants. Take note that the temperature in the cave and mine is exactly the annual average temperature. That means there is 12 °C. To prevent being cold in the caves, warm clothes are recommended (jacket, long trousers). Good trekking shoes are also recommended. High heels or sandals are not suitable footwear for the field trip.

Sep 16		pretežno jasno	13°C	27°C
Sep 17		pretežno jasno	15°C	28°C
Sep 18		dež / grmenje	12°C	26°C
